SCHOOL BOARD

The Dumas Public School System is given fine knowledgeable guidance by its dedicated School Board. The seven board members are elected for three year terms.

We would like to thank our School Board for their many hours of unpaid work. Their decisions on school policies and government are a vital part of our system and are handled very well.

Climbing ropes, running laps, sit-ups, football, tennis; what a mess. P.E. is a class of many and varied activities which provide a very interesting way to keep the students of our school in better physical condition.

homemaking

Boys are sick all day, and girls are gaining weight. Everybody knows these events are associated with the sweet smells of success (?) coming from the homemaking department. These future housewives and bachelors are learning something they will never be sorry they learned.

Speeches before a class and plays before an engrossed audience are two things which do wonders to develop a sense of confidence. The Speech and Drama department provides the training necessary for everyone in the area of public speaking.

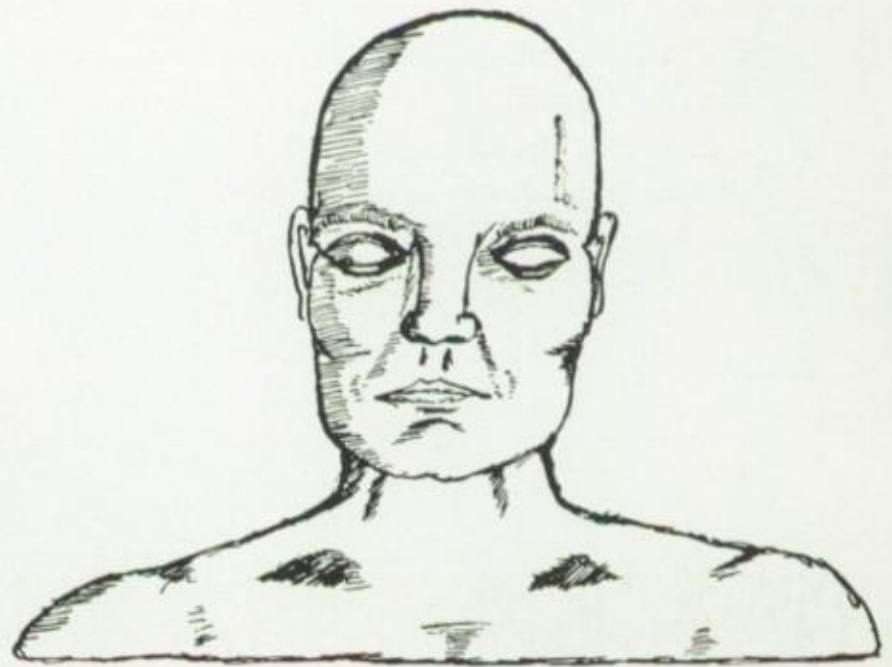

speech and drama

Drawing, and then drawing again. A great sense of accomplishment comes from one's self expression through any means. The art department serves as a wonderful opportunity to develop the artistic talents of the Dumas High School.

art

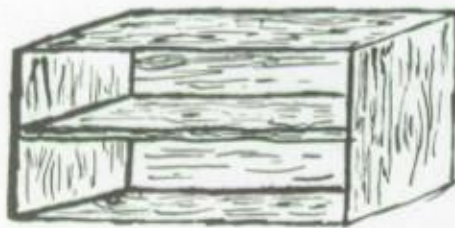

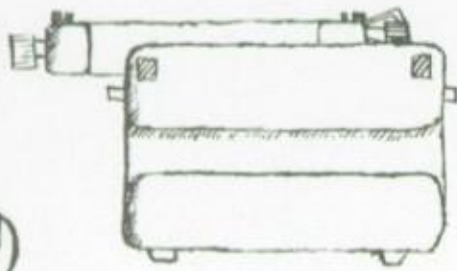

Typing, Shop, Woodworking, C.V.A.E., and Auto Mechanics are the departments that train students in vocational areas which are of interest to these individual students. The training received in these classes is training that will benefit the students from now on, whether these fields are the fields chosen for a lifetime vocation, or not.

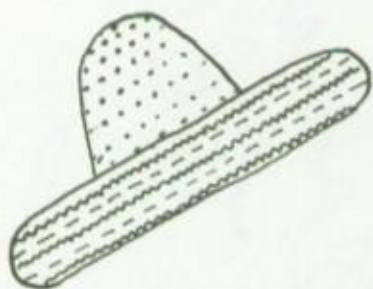

vocational arts

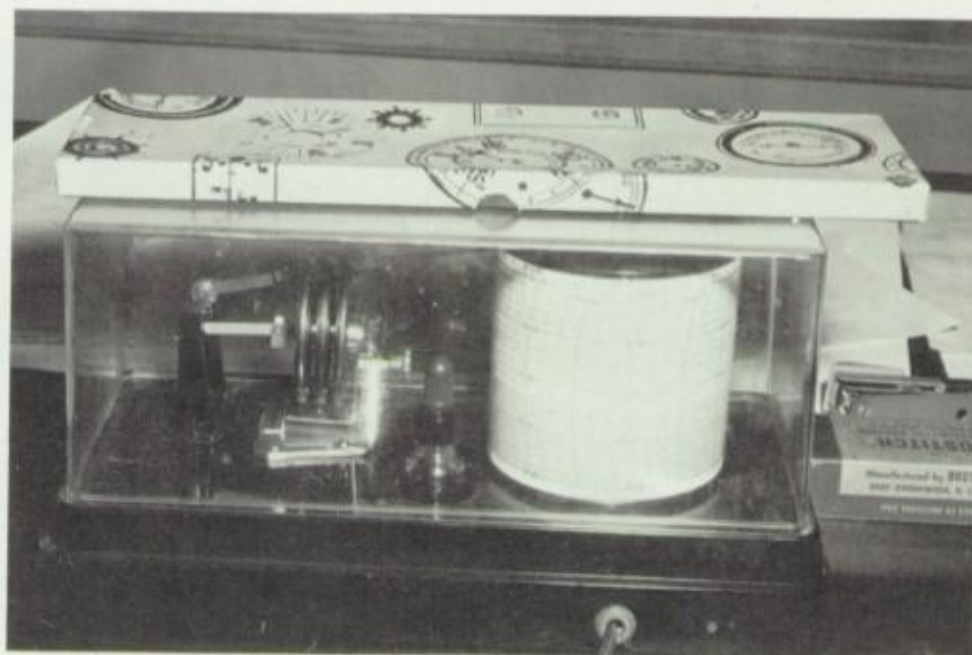

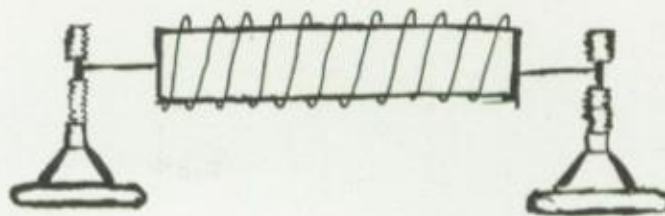

The foreign language department gives the Dumas High School students a good background in the language of other people. We all have picked up several choice phrases which we can use to the betterment of our knowledge, or to better our humor. For example: Como esta frijole? (How have you bean?)

Our Foreign Exchange Student for the 1971-1972 school year is Jorn Carl, of Denmark.

Amiable Jorn is shown here with his American brother, John Lovell.

Jorn is our twelfth AFS student to come to Dumas. He has one younger brother in Denmark and a very nice family in the states. The art work he has done for the annual this year has been extremely helpful. We are proud to have Jorn here with us at Dumas High School this year.

Jorn is the guest of the Jim Lovell family.

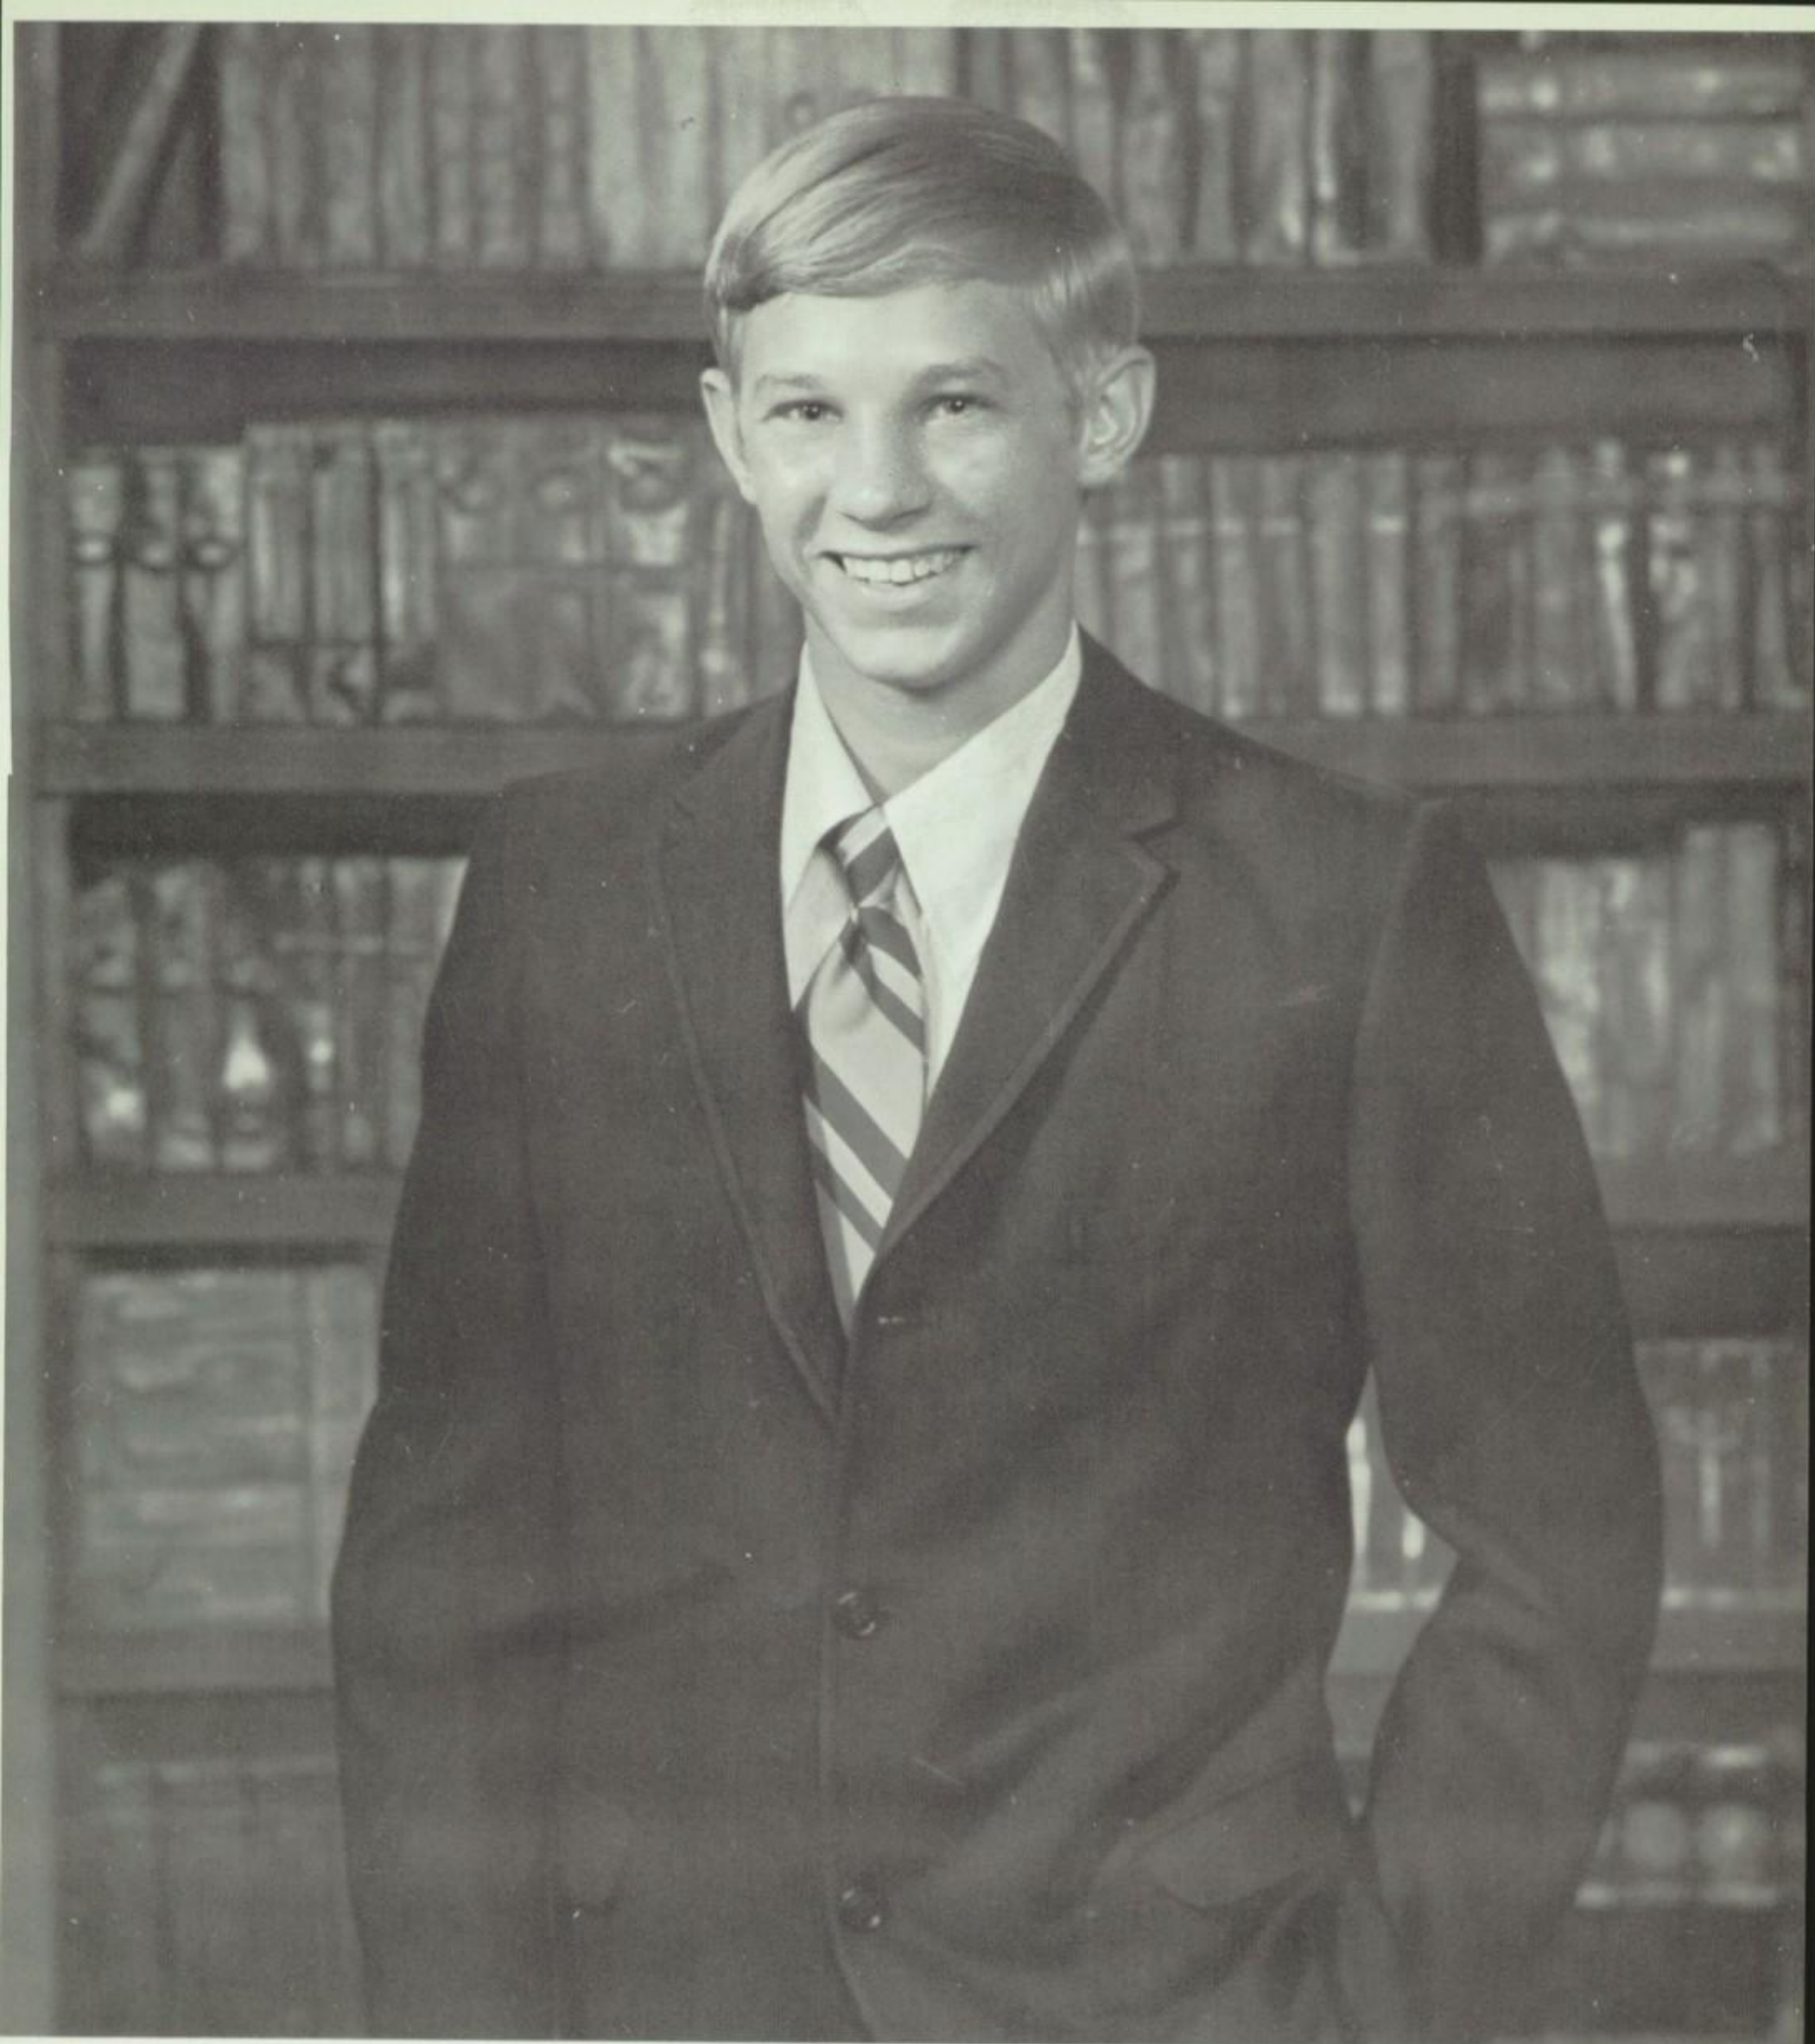

Here, Jorn is taking a brief pause from his very active day.

Gosh, we just put a little glue on. We didn't know he would get so carried away.

Hey this is going to be bigger than the great train robbery.

If Einstein coot haff seen this, he woot haff gone crazy!!

How ridiculous!! A No-Pest Strip is so much more efficient, and easier.

Does he? or Doesn't he?

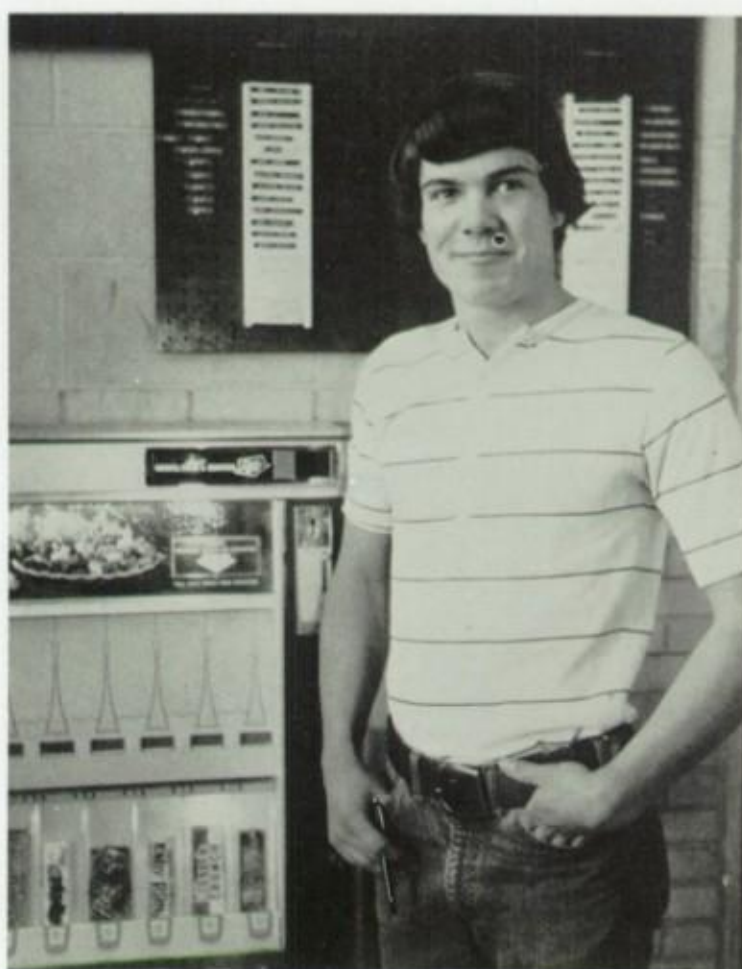

O Great Spirit, grant it that we might receive
the rain that gives life!!

Now come on Butler. You'll have to
do your arm wrestling somewhere else.

Getty up horsie, go to town. Look out Jackie,
they made a touchdown!

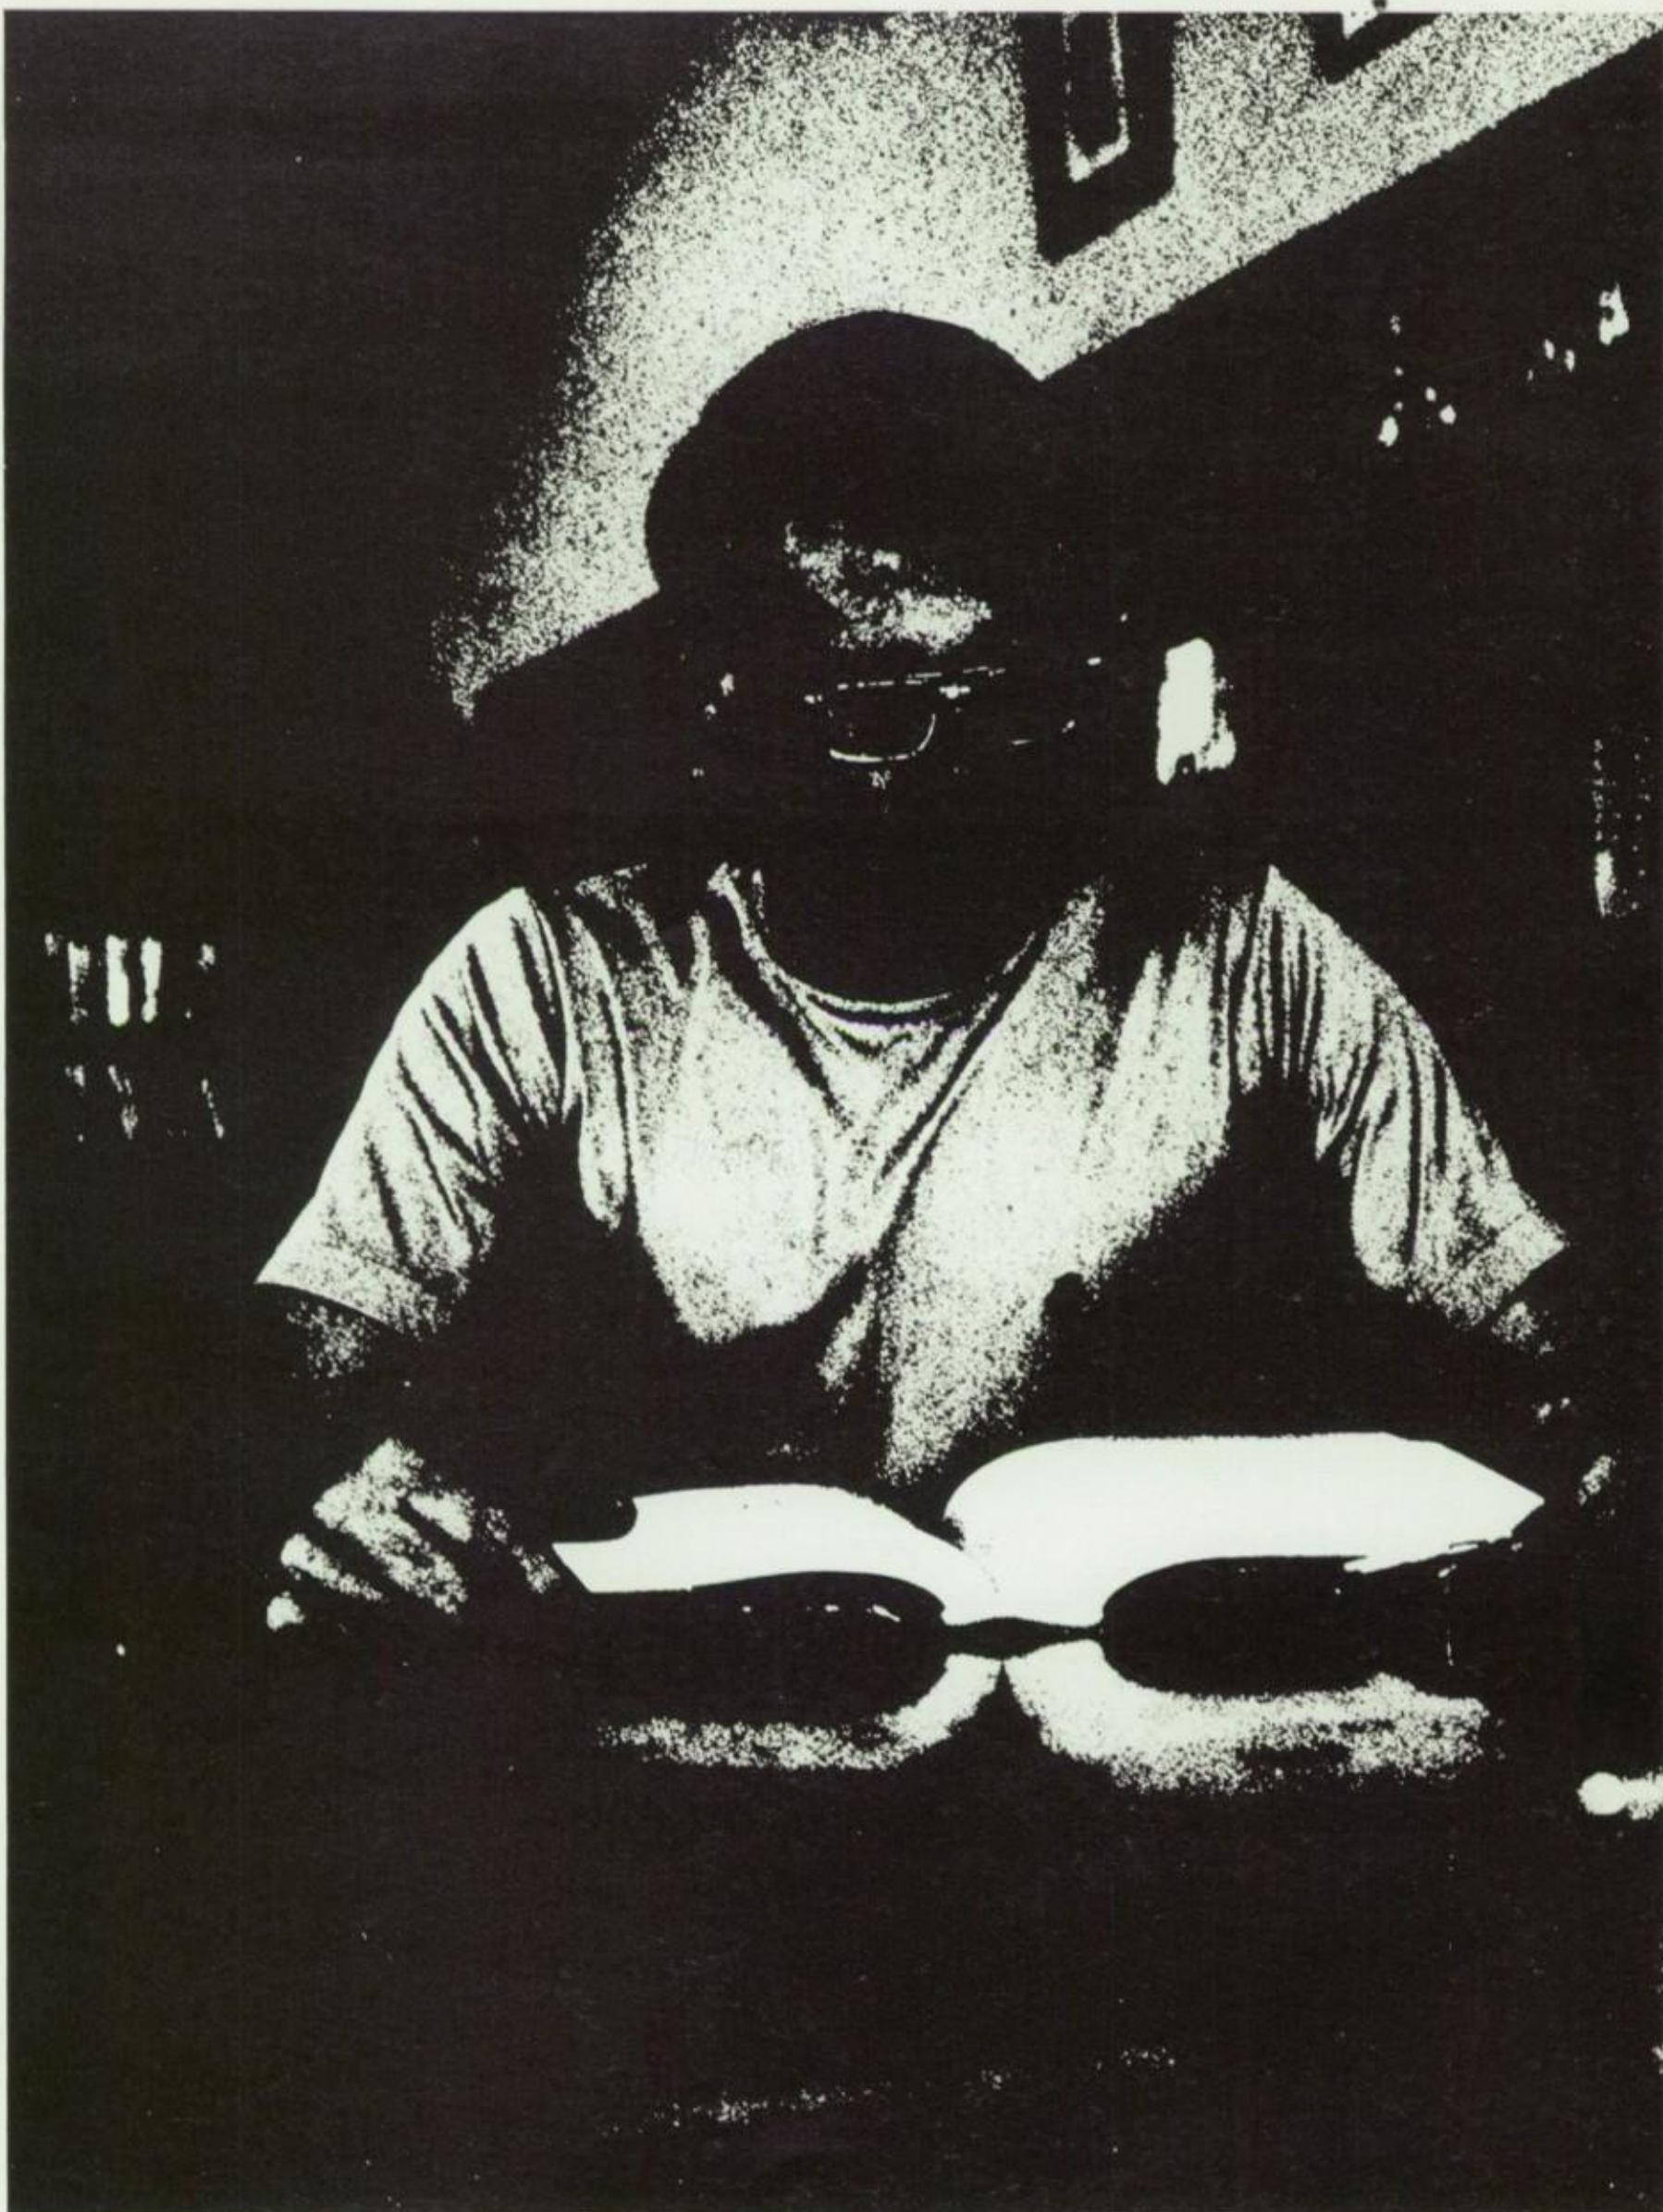

Hey kids, lookin' for a brand new taste
in chocolate?

Savage!

Let's see, is it you-all,
or Ya'll?
